Dear Young Friend ,

Greetings of Makar Sankranti, Lohri, Pongal, Bhogi

As I begin the Bharat Jodo Nyay Yatra from Manipur, I am thinking about all the young citizens of India who are full of dreams and aspirations but aren't getting the right kind of opportunities that they truly deserve to contribute towards the progress of India.

Today, Unemployment , Underemployment and Inflation are at all-time high, among other issues and its Congress Party's priority to ensure employment and self-employment opportunities for every youth.

Therefore, I'm writing this urging you to join me in this quest. Together we can build an India that is inclusive, peaceful, and progressive.

If you are looking for any kind of employment or self-employment opportunity. Please fill this form and help me understand your aspiration. We will ensure that the dreams and aspirations of our youth are fulfilled, and justice is delivered

Jai Hind ,

Rahul Gandhi
